Linked Disputes	2
Monetary Value	INR 94,00,000
Legal Reference Valid	false
Owner Mismatch	true

Recitals

The Bengaluru Urban Civil Court, in case CASE_2025_044 instituted by Meera Iyer, has issued this show-cause notice to Suresh Bhat and Ananya Rao following a forensic document examination report dated 2025-04-28.

The forensic report concludes with high confidence that the vendor signature on the registered sale deed (Registration No. REG-2025-044) in favour of Ananya Rao is not genuine and that the no-objection certificate submitted therewith bears a forged seal of the Karnataka Sub-Registrar Office.

Property PROP_KA_BLR_042 (Survey No. SY-88/2B) records four ownership changes within thirty-six months: original holder Suresh Bhat transferred to Ravi Pillai (2022-11-10), reversed to Suresh Bhat (2023-06-20), purportedly sold to Ananya Rao (2025-03-04), and simultaneously claimed by Meera Iyer under an earlier agreement to sell dated 2025-02-14.

The legal instruments cite Section 53A of the Transfer of Property Act and Section 17(1A) of the Registration Act; a statutory audit finds that Section 17(1A) as referenced does not correspond to any operative provision in the current text of the Act, making the cited references legally invalid.

An interim injunction restraining alienation, mortgage, or any third-party encumbrance over PROP_KA_BLR_042 was granted by the Bengaluru Urban Civil Court on 2025-05-01 and shall remain in force until the matter is decided on merits.

Operative Clauses

1. Suresh Bhat and Ananya Rao are directed to appear before the Bengaluru Urban Civil Court within fifteen days and to show cause why the registered deed (REG-2025-044) should not be declared void ab initio on grounds of forgery.
2. The Sub-Registrar is directed to suspend mutation proceedings for PROP_KA_BLR_042 until the authenticity of the vendor's signature and the supporting no-objection certificate is verified by the Handwriting Expert of the State Forensic Laboratory.
3. Section 17(1A) as cited in the disputed instrument does not exist in the Registration Act 1908 (as amended); the reference constitutes an invalid legal citation and renders the instrument liable to cancellation under Section 31 of the Specific Relief Act.
4. Competing registered instruments in favour of Ananya Rao and Meera Iyer over the identical survey parcel SY-88/2B constitute a direct ownership conflict; the court records this as an active property dispute (CASE_2025_044).
5. The monetary value of INR 94,00,000 declared in the disputed deed exceeds prevailing guidance value by 290%, which the court notes as a potential indicator of benami transactions under the Prohibition of Benami Property Transactions Act 2016.
6. The claimant Meera Iyer is directed to furnish certified copies of the agreement to sell and any digital payment records as primary evidence at the next hearing date.

Signatories

Presiding Judge: Bengaluru Urban Civil Court

Petitioner: Meera Iyer

Advocate for Petitioner: Rahul Menon

Respondent 1: Suresh Bhat

Respondent 2: Ananya Rao

Court Registrar: Kiran Rao
