Case IDs	CASE_2024_088, CASE_2024_112, CASE_2025_021
Execution Date	2025-04-15
Monetary Value	INR 91,00,000
Legal Reference Valid	false

Recitals

This report documents five consecutive conveyances of property PROP_KA_BLR_001 (Survey No. SY-123/4A) executed between February 2024 and April 2025 — an interval of approximately fourteen months.

The chain begins with Sita Ayyer as original registered owner. The property was subsequently transferred to Ram Kumar (2024-02-10), then to Arjun Rao (2024-05-03), then to Priya Sharma (2024-08-19), then to Neha Kulkarni (2024-11-07), and finally to Vikram Desai (2025-04-15) — giving an owner-change frequency of 4.3 per year.

All five deeds cite Section 17(2) of the Registration Act and Section 54 of the Transfer of Property Act; however, a cross-reference audit by the Karnataka Revenue Authority has identified that sub-clause (2)(b) cited in three of the deeds does not exist in the current statutory text, rendering those references invalid.

Three separate dispute petitions — CASE_2024_088 (filed by Arjun Rao), CASE_2024_112 (filed by Priya Sharma), and CASE_2025_021 (filed by Ram Kumar) — are currently pending before the Bengaluru Urban District Court.

The Bengaluru Urban District Court has noted that Arjun Rao and Vikram Desai both present registered sale deeds bearing the same property identifier, creating a direct ownership conflict that this report flags for immediate adjudication.

Operative Clauses

1. The transfer chain for PROP_KA_BLR_001 exhibits characteristics consistent with title-washing: rapid successive conveyances, each at below-market consideration, designed to obscure the original chain of title.
2. Section 17(2)(b) cited across three registered instruments does not correspond to any operative sub-clause of the Registration Act 1908 as amended; the reference is therefore legally invalid and the instruments may be liable to be set aside.
3. Concurrent registered interests in favour of Arjun Rao and Vikram Desai over the same survey parcel SY-123/4A constitute an ownership conflict under the Karnataka Land Revenue Act; the Registrar's office is directed to freeze further mutations.
4. All three pending disputes (CASE_2024_088, CASE_2024_112, CASE_2025_021) are consolidated before the Bengaluru Urban District Court. No alienation of the property shall be permitted pending a final decree.
5. The investigation identifies at least one forged no-objection certificate presented to facilitate the Neha Kulkarni to Vikram Desai conveyance; this is referred to the Bengaluru Urban District Court for criminal proceedings under Section 420 IPC.
6. The monetary value recorded in the final deed (INR 91,00,000) exceeds the circle rate by 340%, a further indicator of market manipulation and money-laundering risk.

Signatories

Reporting Officer: Karnataka State Revenue Authority

Investigating Registrar: Divya Nair

Plaintiff Representative (CASE_2024_088): Arjun Rao

Court Reference: Bengaluru Urban District Court
